Foreword

The Youth Provincial Assembly Punjab is a new PILDAT initiative, which is patterned after the Provincial Assembly of the Punjab. Its membership, 40 in total, is to be drawn from across all districts of Punjab. The specific objectives of the YPAP are to groom the leadership potential of the youth from Punjab to help them articulate their views on national and provincial policies in an informed and structured manner through dialogue and debates.

PILDAT has been successfully running the Youth Parliament Pakistan on the national basis since 2007. In 2013, PILDAT established and facilitated the first-ever Youth Provincial Assembly Khyber Pakhtunkhwa (YPA-KP) focussed on engaging with the Khyber Pakhtunkhwa Youth in a healthy discourse and exposing them to democratic process and practices.

Youth forms a very significant segment of Pakistani society. Over forty per cent of Pakistan's population is 18 years old or younger. Violent extremism in Pakistan has become organic feature of internal security environment of Pakistan mostly involving youth of the country. More often than not, religious extremism alone is generally ascribed to turbulent environment of Pakistan. It indeed accounts for significant proportion of instability, yet in reality it is only a fractional component of the holistic setting which is beset by several forms of violence-prone undercurrents and trends.

It is with this background that focus is placed on youth through a dedicated Youth Provincial Assembly Punjab to engage youth from the province to help rationalize their thought process about extremism and build their capacity to act as catalyst and initiate constructive change in their communities in particular.

This Introductory Book presents details about the first batch of Youth Provincial Assembly Punjab and its selected members. We at PILDAT, as the Secretariat of Youth Provincial Assembly Punjab, look forward to receiving feedback and input of young Members and other stakeholders so as to enhance the effectiveness and efficiency of this exercise in the future.

Why a Youth Provincial Assembly Punjab?

Background

As PILDAT launched the first-ever **Youth Parliament Pakistan** in 2007, the goals before us were to strengthen Pakistan's democratic institutions through inculcating democratic culture in the Youth of Pakistan. 09-years on, we have made our modest efforts through 8 batches of Youth Parliament Pakistan to generate open, fact-based and informed discourse on issues facing the country and develop tools, mechanisms and systems to facilitate the exposure of democratic system to the Youth of Pakistan. Through the Youth Parliament Pakistan, we have also encouraged that the Youth to understand extremism and how to tackle it through deeper understanding, engagement and dialogue based on the principles of supremacy of rule of law in Pakistan.

After the 18th Amendment to the Constitution resulting in devolved powers to the provinces, PILDAT also began working on more-province focused Youth Assemblies in 2013 that can be patterned after Provincial Assemblies and can have a keener focus on provincial policies. Thus in 2013, PILDAT established and successfully facilitated the first-ever Youth Provincial Assembly Khyber Pakhtunkhwa (YPA-KP) focussed on engaging with the Khyber Pakhtunkhwa Youth in a healthy discourse and exposing them to democratic process and practices.

With the firm faith that a steady and positive engagement with Pakistani youth is the best interest of the society, **PILDAT** has now launched the first-ever **Youth Provincial Assembly Punjab (YPAP)** focused only on the youth of Province of Punjab.

The Youth Provincial Assembly Punjab is a new PILDAT initiative, which is patterned after the Provincial Assembly of the Punjab. Its membership, 40 in total, is drawn from across all districts of Punjab. The specific objectives of the YPAP are to groom the leadership potential of the youth from Punjab to help them articulate their views on national and provincial policies in an informed and structured manner through dialogue and debates.

The Youth Provincial Assembly Punjab will have its own 2-party system, Deputy Speaker, Leader of the House and Opposition, as well as an augmented system of Committees. As a pilot initiative, the YPAP members are expected to join 3 sessions of 3-days each between October-December 2016.

PILDAT functions as the Secretariat of the Youth Provincial Assembly of Punjab. A Steering Committee is formed to oversee the functioning of the YPAP through periodic meetings.

Youth Provincial Assembly Punjab

The objective behind conceptualizing a dedicated Youth Provincial Assembly Punjab is to engage youth from the province

to help inform, guide and rationalize their thought process about extremism and build their capacity to act as catalyst and initiate constructive change in their communities.

The YPAP is expected to provide an opportunity to target youth to form a network and provide a platform for them to discuss their ideas directly with Punjab's legislators and policy makers as well as activating them in their communities. The effort is intended to assist young members in defining extremism and conflict and understand peace building through mediation, negotiation, and dialogue.

PILDAT felt it important to engage the Youth of Punjab in healthy discourse and expose them to democratic traditions and culture so that they may be groomed as a civilised, tolerant and peaceful citizens. The concept of Youth Provincial Assembly Punjab emerged as a way for young people to "learn by doing," through taking part in Youth Provincial Assembly Punjab. It was felt that practice on the benches of a mock Provincial Assembly can be useful in deciding how to become a more active citizen, either inside or outside formal politics.

The project of Youth Provincial Assembly Punjab is seen as a way to inculcate democratic culture in Punjab Youth and to facilitate free but structured expression of their views. The Youth Provincial Assembly Punjab is also seen as a key towards achieving the objective of support for democracy and growth and sustenance of democratic institutions in Punjab and Pakistan.

It is often said that widespread apathy exists among the younger generation towards political participation and Parliamentary democracy. Whether this fear is

exaggerated or not, without doubt young people need to understand the principles which underpin democracy and civil society, develop the skills to use that knowledge effectively and be able to participate at the appropriate form. One method of assisting young people to understand these principles is through a simulation of legislatures.

Youth Provincial Assembly Punjab provides participants of Punjab with an opportunity to acquire or improve upon many skills such as public speaking, debate, presentation, research and organisational skills, aiding their personal development. Most importantly, the YPAP will focus, in each session, on specially-designed workshops on understanding and tackling extremism for the youth to help them better-prepared for addressing this malaise in their communities across Punjab's districts.

Objectives

Specific objectives of the YPAP are to educate and rationalise youth's thought process about extremism including giving them an exposure towards working of politics and democracy in Pakistan. In addition, the YPAP serves as a useful forum to voice views of the Youth of Punjab about a range of Provincial and National issues. The debates in the YPAP are meant to not only help the young Members in their personal development as a useful citizen, these also serve the purpose of articulating views of the youth on vital issues facing the Province and conveying these to the Government. The specific objectives of the YPAP are to:

- a. Understand and simulate on how Provincial Assembly works

Y O U T H

A S S E M B L Y P U N J A B

- b. Get oriented on matters of Provincial & National Concern
- c. Understand violent extremism, its drivers and study and evaluate implementation of existing policies on countering violent extremism (CVE)
- d. Engage with legislators and policy makers on existing CVE strategies and their implementation
- e. Hold public representatives in Assembly and in Government to account
- f. Critically evaluate existing policies and laws and propose revisions to those in YPAP Committees, present and defend policy proposals and engage with legislators and policy makers for their inclusion in policies

Key Features of Youth Provincial Assembly Punjab

1. The Youth Provincial Assembly Punjab is a new PILDAT initiative which is to be patterned after the Provincial Assembly of the Punjab.
2. Its membership, 40 in total, is to be drawn from across all districts of Punjab.
3. The objective behind conceptualizing a dedicated Youth Provincial Assembly Punjab is to engage youth from the province to help inform, guide and rationalize their thought process about extremism and build their capacity to act as catalyst and initiate constructive change in their communities.
4. YPAP is expected to provide an opportunity to the target youth to form a network and provide a platform for them to discuss their ideas directly with Punjab's legislators and policy makers as well as activating them in their communities. The effort is intended to also assist young members in understanding extremism and conflict and understand peace building through mediation, negotiation, and dialogue.
5. The Youth Provincial Assembly Punjab will have its own 2-party system, Deputy Speaker, Leader of the House and Opposition, as well as an augmented system of Committees.
6. As a pilot initiative, the YPAP members are expected to join 3 sessions of 3-days each between October-December 2016.
7. At the end of each session, YPAP would hold a press conference briefing the media about the proceedings of the session.
